Superintendent—THOMAS DRINNAN, *on the Premises.*

INTRODUCTION.

The Cemetery at Laurel Hill was commenced in 1836, and was incorporated by the Legislature of Pennsylvania at the session of 1836–7. After a large expenditure, a portion of the ground was mathematically surveyed into about 800 burial lots of various dimensions, and offered at moderate stated prices; nearly one-half of these surveyed lots were taken within the two first years, and several additional plots have been staked off at the request of purchasers: those remaining for sale, it is believed, are sufficient to supply the demand for a long period: though the expenses incurred and in prospect may make it needful for the Managers soon to enhance the price at which the lots are now offered.

The Managers, desirous of placing this beautiful Cemetery upon a permanent footing, declined from the beginning to dispose of lots, except to those who desired to possess them as places of sepulture for their families in perpetuity; the design having been to secure to purchasers of lots this important privilege for their families and descendants.

Managers' Chamber, March 1, 1843.

☞ Those lot-holders who have not yet obtained their Deeds, are requested to make application to the Treasurer, N. E. Corner of Chesnut and Fifth streets.

REGULATIONS.

ADMITTANCE.

Persons on foot will be admitted at the North Lodge on all days of the week, except Sundays, from 9 o'clock, A. M. The gate will be closed at sunset.

CARRIAGES, &c.

The carriages of lot-holders only have free access to the grounds on each day of the week (except Sundays) at the hours above specified. In driving through the grounds, lot-holders are respectfully requested to walk their horses. Saddle-horses and dogs cannot be admitted.

SUNDAYS.

Admittance can only be granted on this day of the week to funerals, and the relations and friends accompanying them; or to lot-holders on foot with their tickets, (which are in no case transferable,) with members of their family or friends in company.

COACHMEN.

Lot-holders are requested to instruct their coachmen to keep on the roads; and after setting down, to require them to drive into the court-yard, or under the coach-houses, provided for their accommodation.

VISITERS GENERALLY.

Visiters are requested to keep on the walks, and not to pluck flowers or shrubs, or to injure the trees. Children are not admitted, unless accompanied by their parents, guardians, or care-takers, who in all cases will be held responsible for their good conduct

MANSION.

This building will be arranged for the accommodation of lot-holders; and visiters generally will be allowed to make use of it until otherwise notified.

THE CHURCH

Is set apart for the use of lot-holders who may wish the funeral service performed therein.

THE RECEIVING TOMB

In the rear of the church, is constructed for the use of lot-holders also; no coffin can remain deposited therein more than ten days, as it is only intended to accommodate those who may wish to wait for a clear day in an inclement season of the year, or for such as desire to invite their friends from a distance. Should its use be required for a period longer than above specified, the charge will in all cases be at the rate of one dollar per day.

ENCLOSURE OF LOTS.

The Managers require that all stone, iron, bricks, mortar, and other materials, employed for the enclosure of lots, &c., shall be introduced into these grounds either on a broad-wheeled cart, or truck-wagon, or by hand; to be first laid on the side of the road most convenient to the lot or lots to be enclosed, and from thence to the place required, either on wheelbarrows or by hand. Boards will be furnished to lay on the ground to prevent injury to the grass or walks, and the Superintendent will give the necessary directions, from time to time, as the cases may require.

Any wall erected on lots must be within the lines, and cannot exceed two feet in height; when surmounted by a railing, the same shall not exceed four feet six inches in height above the surrounding ground. No trees to be planted in the lots, nor any growing thereon to be removed therefrom without the consent of the Managers. Shrubbery may be planted there, but never to be allowed to exceed four feet six inches

in height. The graves dug therein must be at least six inches within the entire line thereof, and of such depth as not to endanger the health of the living. The earth in enclosed lots cannot be elevated above the level of the surrounding grounds without consent of the Managers.

VAULTS.

In building vaults, the same rules must be observed in conveying materials to the place required as is pointed out for the enclosures. Every attention must be observed to prevent, as much as possible, inconvenience to the adjoining lots, throughout the time the vaults are building; all of these details must be under the direction of the Superintendent, who will be constantly on the spot. The walls of vaults shall be confined within the limits of the premises, and they shall be at least nine inches thick; the inside crown of the arch shall be at least four feet below the surface of the ground, and not less than one foot in thickness; and the entrance to the same shall be covered with a stone, or an iron plate, and these covered with earth, so that the said stone (or iron plate) and earth shall be at least three feet in depth, and on a level with the surrounding ground. To prevent confusion from the introduction of a variety of workmen, the Managers have made arrangements to have all the excavating, as well as the building of foundations for enclosures, and for monuments, &c. performed under the directions of the Superintendent, at moderate prices.

LOTS NOT TRANSFERABLE.

The Managers inform persons who may wish to obtain lots in this Cemetery, that they will have the ground they purchase secured to them, and their families and heirs, for a burial place for ever; and for the burial of such other white persons as they may choose to admit, provided such admission is free of charge, and without any compensation; but owners cannot re-sell or transfer their lots to any other person whatever, without the consent of the managers first had and obtained in writing.

MONUMENTS.

The Managers have no wish to interfere with individual taste in the construction of Monuments, &c.; but to protect the interest of each separate purchaser, they reserve to themselves explicitly the right to prevent the erection of large improvements which might interfere with the general effect, or obstruct any principal view.

SUPERINTENDENT.

Lot-holders who may wish either to enclose their lots, construct vaults, or to have their boundaries more fully defined, must first apply to the Superintendent on the premises, who must be present, and whose directions they will conform to on these occasions, as well as in the erection of other improvements, attending at funerals, &c.; and it is to him the managers look for the enforcement of these rules by visiters generally, and for the maintenance of decorum in the Cemetery on all occasions.

PURCHASE OF LOTS.

Persons wishing to purchase lots, are referred to the office of the Treasurer, N. E. corner of Chesnut and Fifth streets, or to the Superintendent on the premises, who has the plan of the grounds and every requisite information. No improvement can be commenced on any lot, or interment made therein, prior to a receipt obtained therefor from the Treasurer.

PERMITS.

No interment can take place without a permit from the Treasurer. The Superintendent cannot be responsible for having the grave prepared in time for funerals, unless he has at least eight hours of daylight previous notice thereof.

SINGLE INTERMENTS.

A suitable spot has been appropriated for single interments, either for strangers or others.

A SUGGESTION FOR LOT-HOLDERS.

☞ The Managers very respectfully suggest to the proprietors of grounds in the Cemetery, that, as time rolls on, and the Superintendent is changed, by death or otherwise, cases may occur of the following character:—Deaths may, and will, take place in families which have previously been obliged to use the lot or lots for interment, on former occasions, and it may be desirable that either an infant, or a grown person, should be interred in a grave already previously opened, and a message may be sent to the grounds to inter in such or such a grave, or adjoining such a relative; now, if no head or foot-stone, or any designation whatever, is apparent on the surface, it may be impossible for the Superintendent to comply, with certainty, with the wishes of the relatives.

To remedy this is in the power of each lot-holder:—*by making a drawing of the lot or lots on the back of the Deed*, and being careful to record on it every interment, with name and date, this difficulty may be entirely avoided, and an interesting record in each family will be preserved, obviating, in future, a possible (great) disappointment.

VARIETY IN MONUMENTS.

There is another suggestion which the Managers feel it their duty to make to lot-holders; they trust it will be received as an evidence that they are anxious to unite with their patrons in carrying out the original intention of creating at Laurel Hill a *toute ensemble*, which shall evince that, with superior facilities, there is growing up an improved taste in monumental sculpture. It has been the frequent remark of visiters—our own citizens, as well as strangers—that a monotony already begins to be apparent in the *style and form* of the improvements; obelisk succeeds obelisk, &c., with only slight variation, and if this is continued, we shall see, in time, too dull an uniformity to strike the mind with agreeable sentiments. This may be obviated by a little *inquiry before ordering a monument*, and by not always taking the ad-

vice of the stone-mason, often himself willing to suggest the greatest bulk for the least money, and thus allowing marble to usurp the place of good taste. Drawings, to a great extent and variety, have been made, and may be seen in Philadelphia, whose adoption would materially obviate this too just criticism, and ultimately redeem the character of the place in this respect. A correct idea, expressed in marble, may be very beautiful, so long as it is unique; but by too frequent imitation, and in too close proximity with its original, it may destroy the charm of the first, and ultimately raise feelings in the beholder the reverse of those desired. This hint, the Managers have no doubt, will strike the friends of Laurel Hill as just, and they feel that, in expressing these views, they have complied with the wishes of many friends of the Cemetry—themselves good judges, and anxious for the perpetuation of the beauty of the place.

MANAGERS.

The Managers trust that the above regulations will be sufficient for the guidance of lot-holders and visiters generally. They have made, at a great expense, every improvement that can add to the convenience of owners of lots, and trust their fellow-citizens will at all times have pleasure in visiting this beautiful spot; the only request they would make is, that all will observe such a line of deportment as is consistent with the solemnity of the place, and the object for which it is destined.

Managers' Chamber, March 1, 1843.

ACT OF INCORPORATION.

An Act to incorporate the Laurel Hill Cemetery Company, in Penn Township, Philadelphia County.

WHEREAS, The practice of burying in populous cities is becoming more objectionable, and more burdensome and expensive to the community, by reason whereof it was thought expedient to make some other provision for the decent respect which is due to the dead, free from the inconveniences above mentioned:—And whereas, several citizens of this Commonwealth, hereinafter named, have associated for the purpose of establishing a Cemetery at Laurel Hill, in the neighbourhood of Philadelphia, intending that so much of the tract known by that name, containing in the whole about thirty-two acres, as lies westwardly of the Ridge Turnpike Road, shall be used only for the purposes of interment, and the part lying eastwardly of said road to be cultivated as a garden, with convenient buildings; and have desired that they, and their successors, may be incorporated for establishing and perpetuating such Cemetery, with such powers as are necessary for that object:—And whereas, it seems reasonable and necessary to provide for the permanence of the establishment, so that those who bury there may be assured of continued protection to the remains of relatives and friends who have been committed to the earth, and of the decent preservation of the ground; therefore,

SECTION 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania, in General Assembly met, and it is hereby enacted by the authority of the same,* That Nathan Dunn, Benjamin W. Richards, John J. Smith, jun., Frederick Brown, William M.

Meredith, Edward Coleman, George N. Baker, Henry Toland, and Nicholas Biddle be, and they hereby are made, a body politic and corporate in law, under the name, style and title of the "Laurel Hill Cemetery Company," and by that name shall be able and capable in law to have and use a common seal, to sue and be sued, to plead and be impleaded, and to do all such other things as are incident to a corporation.

Sect. 2. That the first four persons named above shall be Managers of the said Laurel Hill Cemetery Company, and shall have power, (first having the consent of the owners thereof,) to lay out and ornament the grounds; to remove or alter the old buildings, and erect new ones; to dispose of and arrange burial lots; and to make such by-laws, rules and regulations, relative to the election and duties of managers, and their successors, the appointment of suitable officers and agents, and their several duties and compensations; and to make such rules and regulations, from time to time, for the government of lot-holders and visiters to the Cemetery, as they may deem necessary. *Provided*, That the extent of said ground, to be appropriated under this act, shall in no case exceed sixty acres. *And provided, further*, That so much of the ground as lies westwardly of the Ridge Turnpike Road, shall be kept and appropriated to the purposes of a public Cemetery alone.

Sect. 3. That the said Laurel Hill Cemetery Company shall be able and capable in law, if it shall seem to them expedient, to purchase and hold the said land, and to sell and dispose of the same; and also to have and to hold so much personal estate, and no more, as may be necessary for the purposes of this incorporation, or with the consent of those who now are, or hereafter may be, proprietors of the ground not granted for burial lots, to assume the management, direction, and disposal of the same, according to the powers hereinbefore given. *Provided*, That the land westwardly of the Ridge Turnpike Road, as aforesaid, shall never be granted but for burial lots, and that the burial lots so granted shall be subject to the powers of this act.

Sect. 4. That the act for the establishment of Laurel Hill

College, in Penn Township, County of Philadelphia, passed the thirteenth day of April, Anno Domini, one thousand eight hundred and thirty-five, be, and the same is hereby repealed.

SECT. 5. That no streets or roads shall hereafter be opened through the lands of the said corporation, occupied as a burial ground, except by and with the consent of this corporation.

Commonwealth of Pennsylvania, ss.

I do hereby certify that the foregoing is a true copy of Bill No. 2, of the Senate file of the session of 1836–7, entitled "An Act to incorporate the Laurel Hill Cemetery Company, in Penn township, Philadelphia county," as the same has been passed into a law by both branches of the Legislature, and the approval and signature of the Governor.

Witness my hand,

J. WILLIAMS, Jun.
Cerk of the Senate.
